

STARS Conference Poster Submission Guidelines and Tips

The purpose of a poster is to present information in a concise and visual manner. Posters provide a talking point and an opportunity for collegial engagement for members of the STARS conference community.

Abstracts for posters should be submitted using the poster abstract submission template.

When your abstract has been accepted you will be asked to create your poster and supply an A4 version as a PDF for the conference handbook and proceedings.

Please bring your printed A0 size (maximum size) poster with you to the conference. The Conference Organising Committee can assist you with hanging your poster once you have registered.

How to create your poster

There are some great tips by QUT Printing Services Guide, which can be accessed at:
