

Share a space for some thought: The dynamics of a learning space

Alan Calder & Bhama Daly
Teaching and Learning Development
James Cook University, Cairns

Share a space for some thought: The dynamics of a learning space

- 9 years of research and evaluation
 - Cairns campus environment
 - Video stills & selected quotes
 - What are the features of an effective learning space?
-

Share a space for some thought: The dynamics of a learning space (environmental context)

Share a space for some thought: The dynamics of a learning space (environmental context)

Share a space for some thought: The dynamics of a learning space (building location)

Share a space for some thought: The dynamics of a learning space (access and visibility)

Share a space for some thought: The dynamics of a learning space (usage)

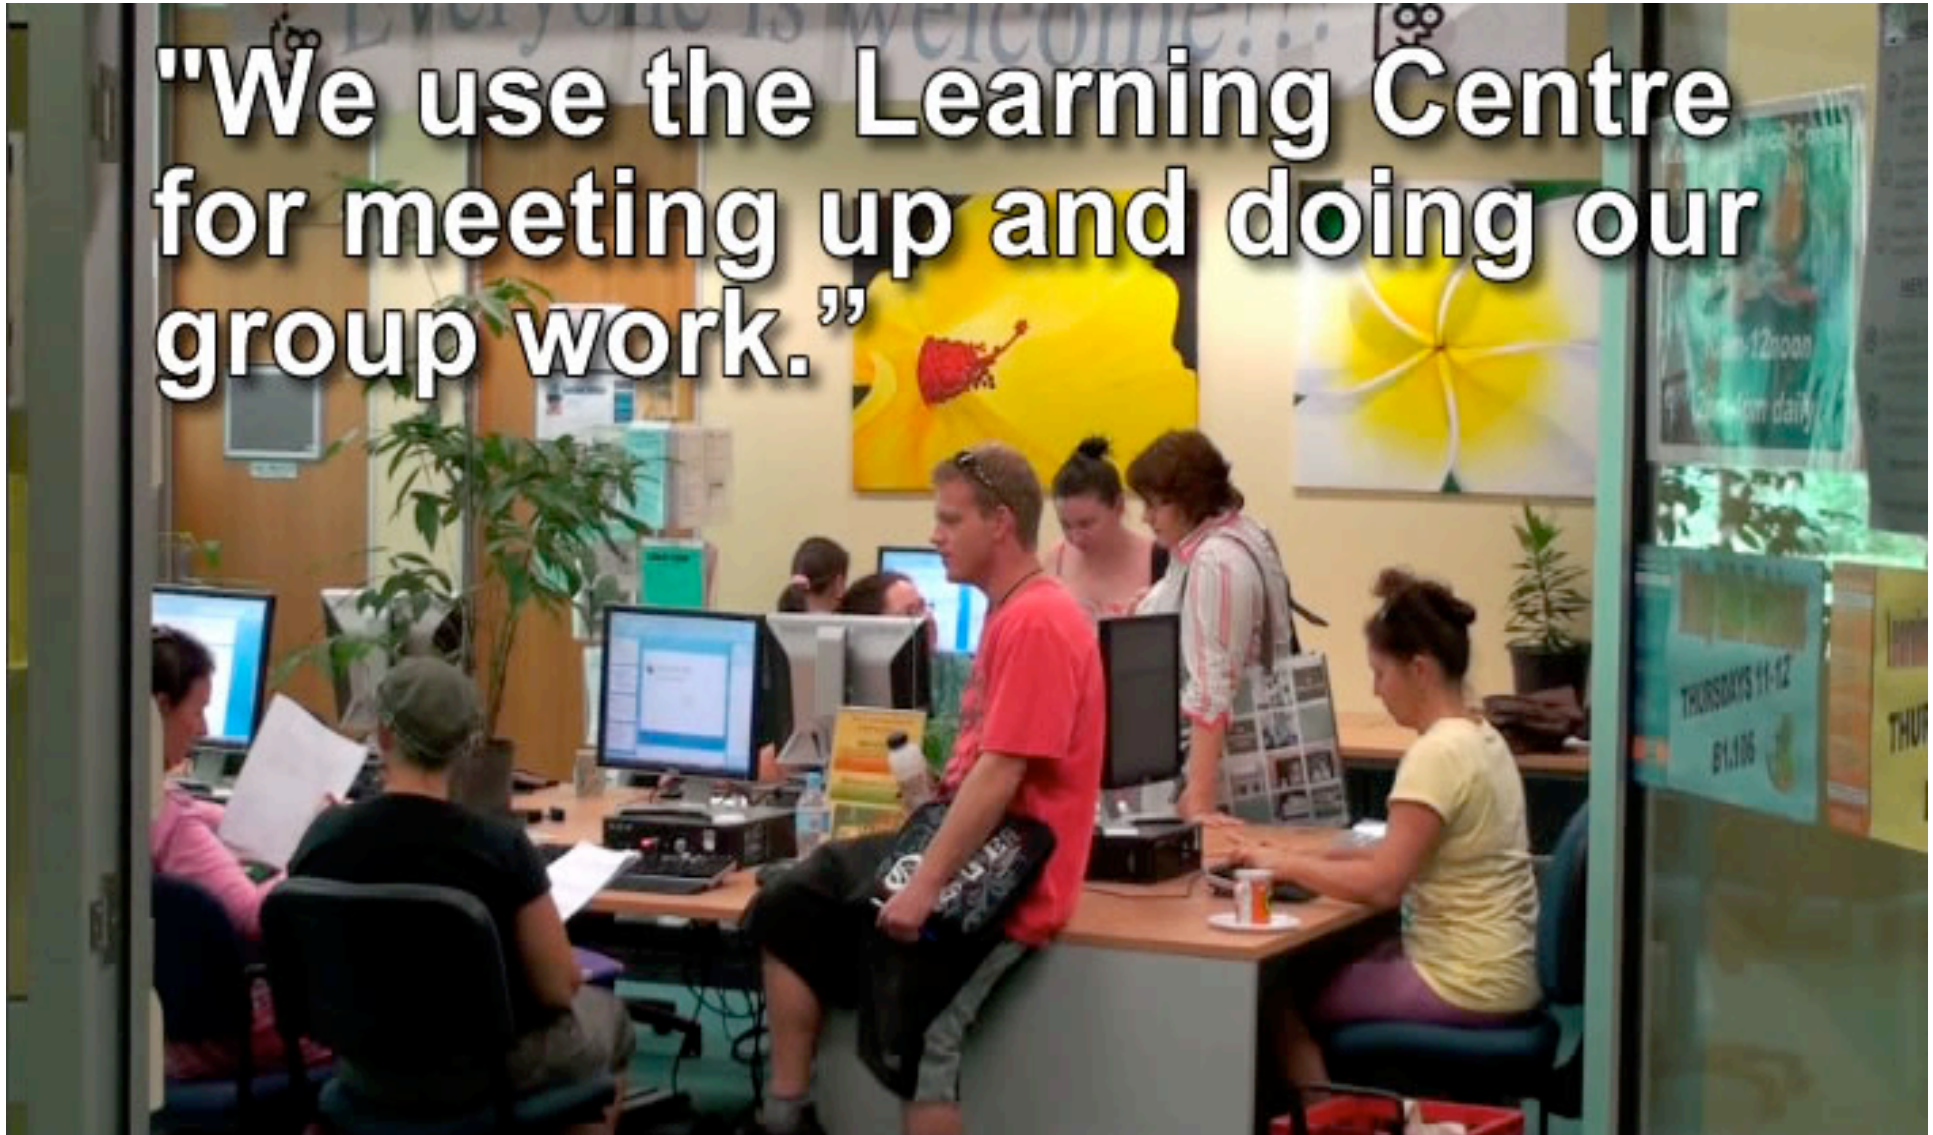

Share a space for some thought: The dynamics of a learning space (students, mentors & staff)

"...it's a place where students and staff, undergraduates and graduates can meet and talk informally about issues affecting their course..."

Share a space for some thought: The dynamics of a learning space (first year students)

"We use the Learning Centre for meeting up and doing our group work."

Share a space for some thought: The dynamics of a learning space (mentors & first year students)

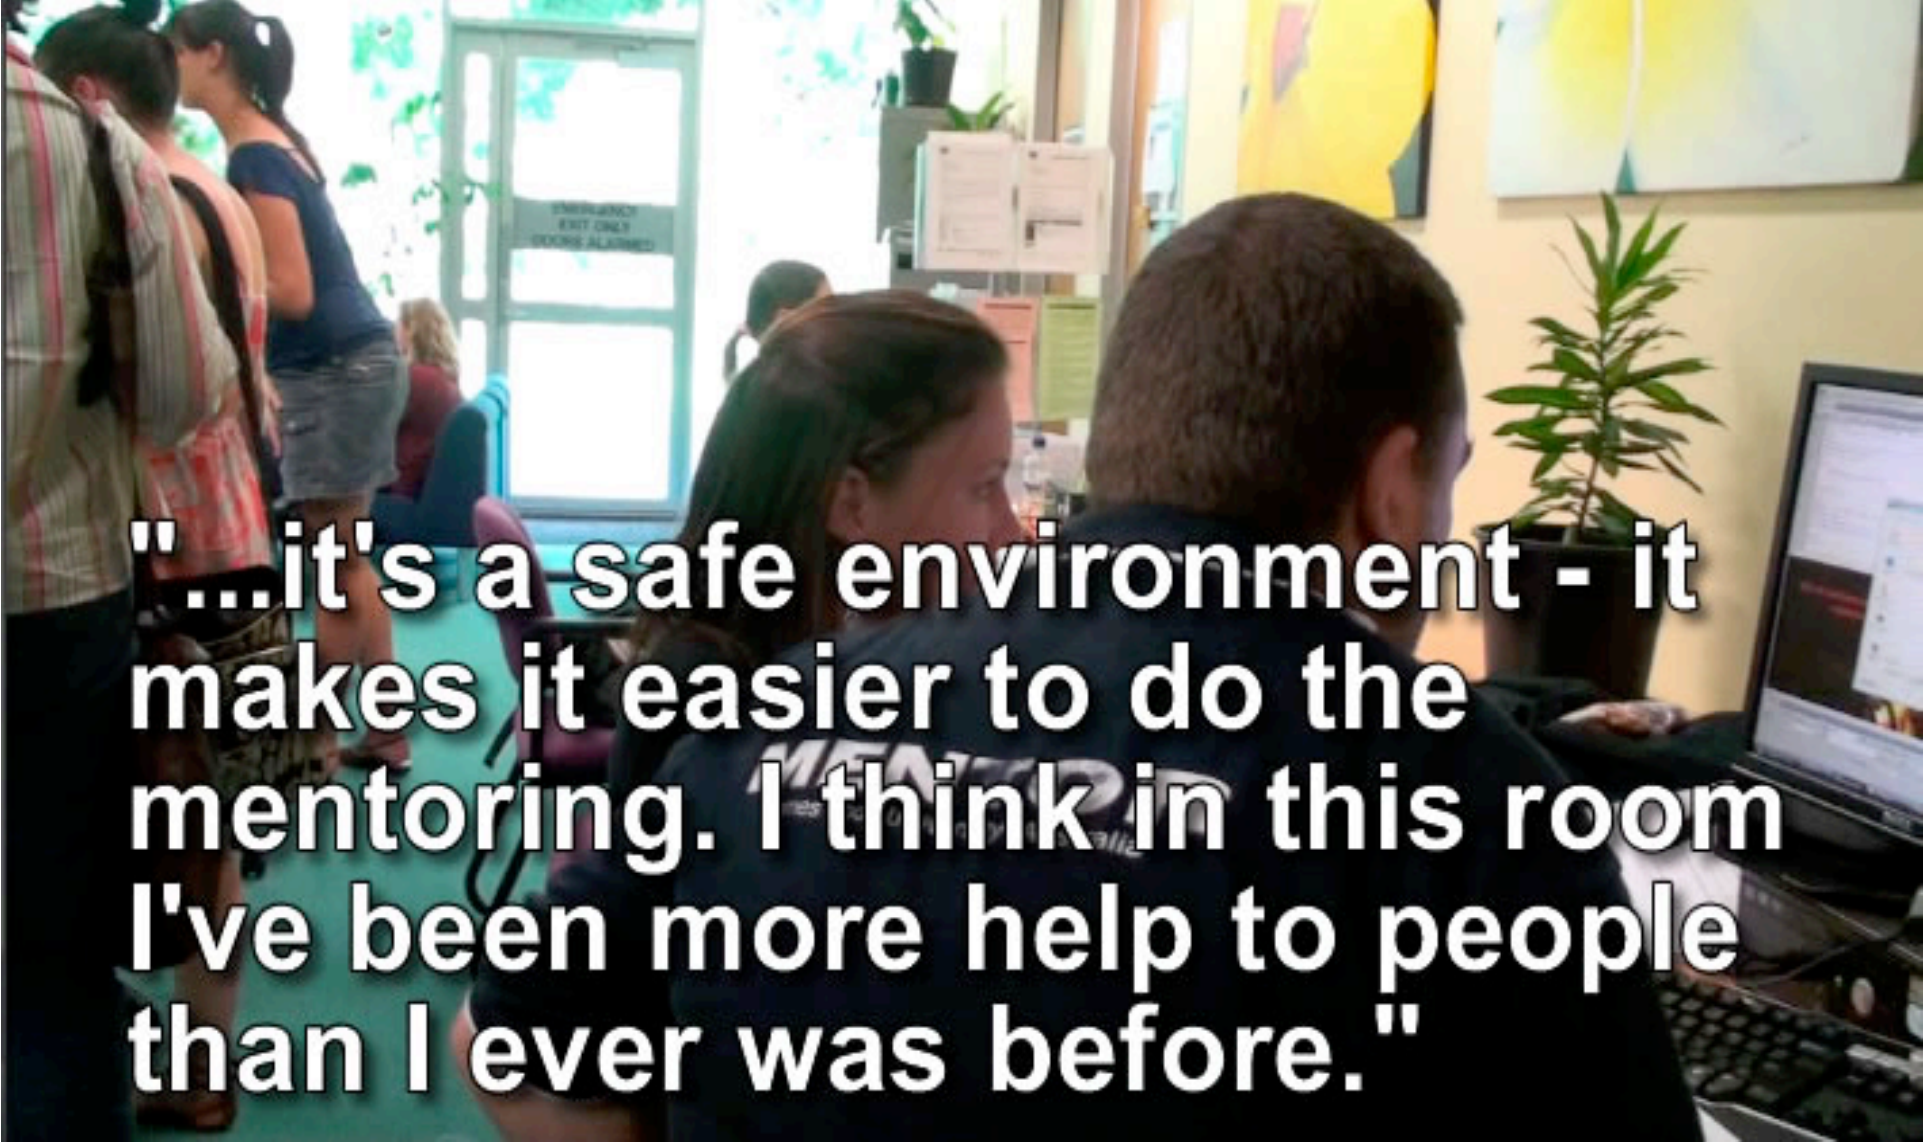

Share a space for some thought: The dynamics of a learning space (mentors & first year students)

Share a space for some thought: The dynamics of a learning space (mentors & first year students)

Share a space for some thought: The dynamics of a learning space (mentors & first year students)

"...it's a safe environment - it makes it easier to do the mentoring. I think in this room I've been more help to people than I ever was before."

Share a space for some thought: The dynamics of a learning space (learning advisers & first year students)

"...it's just that first semester, after that I got enough confidence to go off and do it myself."

Share a space for some thought: The dynamics of a learning space (academic staff & first year students)

"...with my philosophy of student empowerment and flexible practice, I have moved from my environment (office) to my students' own space."

Share a space for some thought: The dynamics of a learning space (students, mentors & staff)

Share a space for some thought: The dynamics of a learning space
